GETTING TO KNOW YOU

CANDIDATE

Meet with one of the expert volunteers from our Matching Committee so we can better understand your goals for board service.

Your in-person "interview" will be scheduled within the ten weeks after the training.

NONPROFIT

Meet with one of the expert volunteers from our Matching Committee so we can better understand the needs of your board.

Your in-person "interview" will be scheduled within the ten weeks after the training. Both the ED/CEO and Board Chair (or Chair Elect) must attend.

MATCHING MAGIC

Once the interviews are complete, our Matching Committee will come together to determine best-fit matches. Candidates and nonprofits will each be notified of the match and chose to agree to an introduction and meeting.

From there, nonprofits submit candidates to their board nominating committee, per their bylaws, then report back to BoardMatch Montgomery on the candidate's election to the board.

We cannot guarantee matches, but any candidate or nonprofit not matched, will be invited to participate in the next matching process at not additional cost.
